# YOUR TRUSTED ADVISOR

Josh White, DPM, CPed

OrthoFeet was established in 1984 by Ron Bar, PhD (Biomedical Engineer) and his brother Michael (Mechanical Engineer). In 2020, OrthoFeet added to its team, Josh White, DPM, CPed, an expert in diabetic and therapeutic footwear.

OrthoFeet's mission is to combine attractive footwear styling with innovative therapeutic features, to alleviate symptoms associated with common foot conditions, such as plantar fasciitis, bunions and arthritis.

OrthoFeet shoes are covered by Medicare for people with diabetes and are a favorite of podiatrists and other foot care practitioners because of their unique ways of customizing the fit and improving support.

The thousands of outstanding online customer reviews speak to how well OrthoFeet shoes improve mobility by addressing foot conditions and are a testament to the superior functionality that OrthoFeet has to offer.

## The OrthoFeet Advantage

Our state of the art footwear technology combined with our passion for advanced foot biomechanics are fundamental aspects of our footwear design.

The innovative shoe construction along with the anatomical orthotic insoles have helped millions of people improve mobility, enhance comfort from heel to toe, and get relief of heel, foot, knee, and lower back pain.
