No matter how many times the alarm sounds during your shift, these black flame-resisting leather upper Knockdown boots go on with ease. Once your foot slides in, the ankle lock system holds you firmly in place until you use the handy heel kick plate to take them off. Our exclusive Vibram® Fire & Ice All-Terrain Sole provides exceptional traction on any surface, including pitched roofs and steep embankments. It stands up to the heat and will help keep a steady foot when fighting winter fires and the water turns to ice. The StedAir® PTFE waterproof barrier also repels dangerous fluids. Take a hit to the heel thanks to the Poron® XRD® padding - the same impact protection used in motocross racing. Composite Safety Toe, Lenzi L-Protection® flexible, non-metallic, puncture-resisting insole and steel triple-rib ladder shank protect your foot from impact and the strain of working on ladders. And because you might be on your feet for hours, the dual-density removable insole molds to shape of your foot to keep you comfortable until you’re back at the station.

» Waterproof, flame-resisting leather upper with abrasion-resisting rubber toe and heel protection.
» Removable Dual-density polyurethane insole
» Lenzi L-Protection® flexible, non-metallic, puncture-resisting insole
» Steel triple-rib Ladder shank
» Exclusive Vibram® ATS sole with Fire and Ice technology
» Cement construction
» Meets NFPA 1971 structural & 1992 splash over hazmat certified
» Meets ASTM F2413-11

A rush job entails running 10-33 in response to an alarm. Getting a good client review means an emotional sob of thanks from the parent of a child you’ve just rescued. And a successful project might include saving thousands of acres of forest, or countless memories from a home.

Let’s face it: the stakes at your job are higher than those of the average American worker.

And because your shift lasts 24 hours (and sometimes beyond), you need footwear to handle everything from fighting a fire to filling out paperwork to cleaning the station. You need footwear that you don’t need to worry about.

That’s a tall order. Thankfully, we can fill it.

Thorogood has relentlessly focused on craftsmanship, innovation, and comfort, while recognizing the importance of footwear to your livelihood and getting the job done.
When you work in dark and smoky conditions, you need high visibility. The 3M™ Scotchlite™ Hi-Visibility Piping in these waterproof, flame-resisting leather bunker boots won’t darken under exposure to heat. Our exclusive Vibram® Fire & Ice All-Terrain Sole provides exceptional traction on any surface. It stands up to the heat and will help keep a steady foot when fighting winter fires and the water turns to ice. Durable Goodyear welt construction with reinforced heel and abrasion-resistant toe give you years of sturdy wear while you keep your town safe. The BBP X-Stream Waterproof® membrane keeps dangerous fluids out, and the composite safety toe, Lenzi L-Protection® insole, and steel triple-rib ladder shank protect your foot from impact, puncture, and the strain of working on ladders. Extra shin padding offers extra protection when working on ladders or wading through debris. Slip-resistant in all conditions and heat-resistant when the going gets hot, these all-weather NFPA boots don’t quit until you do.

- **Waterproof, Flame-Resisting Leather Upper** with abrasion-resisting rubber toe and heel protection.
- **Vibram® Fire and Ice Slip-Resisting Sole** provides all-weather slip resistance and superior traction in ice and snow, non-marking indoors.
- **Reflective, High-Visibility 3M™ Scotchlite™ Hi-Vis Piping** won’t darken under exposure to heat.
- **Non-Metallic Composite Safety Toe**
Step up to danger with confidence in these Made in the USA leather structural bunker boots with a roomier, more comfortable oblique toe. The StedAir® PTFE waterproof, breathable membrane keeps dangerous fluids out when you wade into hazardous situations. Our exclusive Vibram® Fire & Ice All-Terrain Sole with chiseled edge lugs provides exceptional traction on any surface. It stands up to the heat and will help keep a steady foot when fighting winter fires and the water turns to ice. The Aztec lining wicks away moisture, while the removable contoured cushion insole maintains comfort no matter how long you’re on your feet. A steel triple-rib ladder shank and Lenzi L-Protection® puncture-resistant insole provide a barrier between your feet and whatever you have to walk over or climb to put out the fire. These NFPA boots are built to work as hard as you do, for as long as you do.

» Full-grain, flame-/abrasion-resisting leather/ Vibram® rubber toe and heel bumper
» Removable dual-density polyurethane footbed
» Lenzi L-Protection® flexible, non-metallic, puncture-resisting insole
» Steel Triple-rib Ladder Shank
» Exclusive Vibram® Chiseled Edge Fire And Ice sole
» Goodyear Storm Welt construction

Structural CERTIFIED NFPA 1971

HEAT-RESISTING KEVLAR® thread

AZTEC LINING to wick away moisture

Scuff-resisting Vibram® RUBBER TOE for 40% better abrasion resistance

Thorogood’s® exclusive Vibram® Chiseled edge FIRE AND ICE SOLE with lugs for better ice traction

STEEL TRIPLE LADDER SHANK for superior arch support

StedAir® WATERPROOF, BLOOD-BORNE PATHOGEN BARRIER

Stedair™ linings are blood-borne pathogen penetration compliant for at least one hour when tested according to ASTM F1671, Standard Test Method for Resistance of Materials used in Protective Clothing.
Featuring an oversized safety toe for comfort with insulation on the inside and outside of the steel toe to provide thermal insulation. The puncture resisting stainless steel plate is located down by the outsole to help with thermal insulation and enhance comfort.

### TECHNICAL FEATURES

- Reflective elements over the instep and heel
- **T-TOE** to allow greater traction when crawling or climbing

### AVAILABILITY

Available in whole and half sizes in 3 widths to ensure proper fit and comfort.

### CERTIFICATIONS

- **Structural CERTIFIED**
  - NFPA 1971
- **Hazmat CERTIFIED**
  - NFPA 1992
**14” KEVLAR® INSULATED RUBBER BUNKER BOOT**

Enjoy superior protection and comfort while fighting fires in these rubber insulated structural bunker boots with a flame- and heat-resisting lug outsole. Stainless steel puncture-resisting bottom plate provides a barrier between your feet and whatever you have to walk over to contain the fire. Experience added safety and comfort in the form of an oversized steel toe and a DuPont™ Kevlar® yellow knit one piece liner five times stronger than steel. Work on ladders or crawl over debris without discomfort thanks to the cushioned shin guards. Vulcanized construction guarantees a durable, shock-absorbing fit that won’t melt or degrade in extreme heat or cold. Removable superknit-covered polyurethane insole absorbs shocks so you can stand against the flames in these NFPA boots for as long as it takes to get the job done.

- Flame-/heat-resisting rubber
- Waterproof
- Removable Superknit covered, polyurethane footbed
- Steel Triple-rib Ladder Shank
- Stainless steel puncture-resisting bottom plate
- Hellfire™ traction lug sole
- Abrasion-resisting rubber T-toe
- Vulcanized construction
- Meets NFPA 1971 & 1992

**AVAILABLE IN WHOLE AND HALF SIZES IN 3 WIDTHS TO ENSURE PROPER FIT AND COMFORT.**

**14” FELT INSULATED RUBBER BUNKER BOOT**

Enjoy superior protection and grip while fighting fires in these flame- and heat-resisting rubber light insulated structural bunker boots with lug sole. The stainless steel, puncture-resisting bottom plate provides a barrier between your feet and whatever you have to walk over to contain the fire. Experience added safety in the form of an oversized steel toe. And we haven’t forgotten about your comfort, either. The 3.5mm polyester needle felt liner with heel reinforcement cradles your foot while your body fights the flames. Work on ladders without discomfort thanks to cushioned shin guards. Vulcanized construction guarantees a durable, shock-absorbing fit that won’t melt or degrade in extreme heat or cold. Removable superknit-covered polyurethane insole absorbs shocks so you can stand against the flames in these NFPA boots for as long as it takes to contain the blaze.

- Flame-/heat-resisting rubber
- Waterproof
- Removable Superknit covered, polyurethane footbed
- Steel Triple-rib Ladder Shank
- Stainless steel puncture-resisting bottom plate
- Hellfire™ traction lug sole
- Abrasion-resisting rubber T-toe

These hard-working boots never clock out, even if your shift turns into a double. Vibram® Fire & Ice Sole provides exceptional traction on any surface and will not freeze, just like your trusty winter sipe tires. Durable Goodyear storm welt construction gives you years of trusty wear while you keep residents safe. The BBP X-Stream Waterproof® membrane prevents hazardous fluids from getting in these NFPA 1999 EMS & 1977 Wildland boots while you put the fire out. Composite Safety Toe, Lenzi L-Protection® insole, and steel triple-rib ladder shank protect your foot from impact and puncture, no matter where the job takes you. And because you might be on your feet for hours, the dual-density removable insole molds to the shape of your foot to keep you comfortable for as long as it takes to save Mother Nature. Dual-certified as a cross between a station boot, EMS, and wildland firefighting, these boots are for the person who has to be prepared for anything on every shift.

- Full-grain, flame-resisting leather
- BBP X-Stream Waterproof®
- Removable Dual-density polyurethane insole
- Lenzi L-Protection® flexible, non-metallic, puncture-resisting footbed
- Steel Triple-rib Logger shank
- Vibram® Structural Fire and Ice sole
- Goodyear Storm Welt construction
- Meets NFPA 1999 EMS, & 1977 Wildland
- Meets ASTM F2413-11

Not designed for NFPA 1971 structural fire fighting.

### EMERGENCY MEDICAL OPERATIONS CERTIFIED NFPA 1999, & 1977 WILDLAND

- Air Venting System helps keep feet cooler, drier
- Flexible Vibram® Fire and Ice Sole gives durable heat protection while improving traction
- Replacement Zipper: 804-6041 | SIZES: 5-10
- 804-6042 | SIZES: 11-15
- Thorogood BBP X-Stream Waterproof® linings are blood-borne pathogen penetration compliant, for at least one hour when tested according to ASTM F1671, standard test Method for Resistance of Materials used in Protective Clothing.
- Composite Safety Toe
FIRESTALKER ELITE - 9” WILDLAND HIKING BOOT

Fighting unpredictable brush fires requires a boot for all conditions. These flame-resistant rough-out leather boots wear like hiking boots while performing like wildland boots. Our exclusive Vibram® Fire & Ice All-Terrain Sole provides exceptional traction on any surface and will not freeze, just like your trusty winter sipe tires. The steel triple-rib logger shank adds arch support, no matter what stands between the ground and your NFPA boot. The Cambrelle® lining constantly adapts to your foot motion for maximum abrasion resistance. This non-woven fiber can hold up to 350% of its own dry weight before feeling wet, which means your feet stay dry. Kevlar® filament thread and laces resist fire, cuts, and chemicals. The removable moisture-wicking insole on the flexible Bi-Fit™ footbed protects against foot fatigue for as long as it takes to save Mother Nature.

» Flame-, abrasion-resisting rough out leather
» Removable Dual-density polyurethane leather
» Removable Moisture-wicking insole
» Kevlar® filament thread
» Steel Triple-rib Ladder shank
» Exclusive Vibram® All-terrain Fire & Ice wildland sole
» Cement construction
» Meets NFPA 1977 Wildland

Fighting unpredictable wildland fires requires a boot for all conditions. The black oil-tanned flame-resistant heavy logger leather on these Made in the USA boots are 30% thicker than previous models. Add to that the Goodyear storm welt construction, and you have quality, no matter how many times you wear them on the front lines of a fire. The ergonomic fit of these wildland NFPA boots hugs your feet from the inside, while the Vibram® outsole grips the ground below. Tough Kevlar® filament thread resist fire, cuts, abrasions, and chemicals. The removable moisture-wicking insole footbed prevents foot fatigue until you’ve saved Mother Nature.

- Heavy duty 6.5-7oz full grain leather
- Removable Moisture-wicking footbed
- Kevlar® filament thread
- Steel shank
- Vibram® Fire And Ice Wildland sole
- Goodyear Storm Welt construction
- Meets NFPA 1977 Wildland

THE DEUCE - 6” SIDE ZIP

Where does the job take you? Wherever the action is. Be prepared to move with confidence in any direction, on any surface, with the rugged lug, dual density Z-Trac outsole in these black leather and performance air mesh nylon side zip boots. The BBP X-Stream Waterproof™ barrier protects you from dangerous fluids, too. A composite safety toe protects from impact. Composite shank gives your arches extra reinforcement. And a removable polyurethane SHOCK ZONE insole means you can save the day without harming your feet. Available in both safety and soft toe styles.

FEATURES
» Full-grain leather/400g air mesh
» BBP X-Stream Waterproof™
» Removable Shock Zone polyurethane footbed
» Composite shank
» Z-Trac ASR outsole
» Cement construction

THE DEUCE - 8” SIDE ZIP

Where does the job take you? Wherever the action is. Be prepared to move with confidence in any direction, on any surface, with the rugged lug, dual-density Z-Trac outsole in these black leather and performance air mesh nylon side zip boots. The BBP X-Stream Waterproof™ barrier protects you from dangerous fluids, too. Composite shank gives your arches extra reinforcement. And a removable polyurethane SHOCK ZONE insole means you can save the day without harming your feet. Available in both safety and soft toe styles.

» Removable Shock Zone polyurethane footbed
» Composite shank
» Z-Trac ASR outsole
» Cement construction
STATION BOOTS

6” QUICK-RELEASE STATION BOOT

In between calls at the station, you want comfort and ease for your feet without sacrificing safety. These quick-release full grain leather station boots contain a TPU mini-lug outsole for a comfortable grip and flexibility. Direct inject construction provides additional flexibility. Stay comfortable for your entire shift with the removable, polyurethane insole. And when the emergency call comes, the quick-release in these station boots means you won’t waste any time suiting up for duty. Available as light weight plain toe and puncture RESISTING with composite safety toe.

FEATURES
» Full-grain leather
» Removable Single-density polyurethane footbed
» Composite shank
» Mini lug outsole
» Direct attach construction

Weinbrenner Shoe Company, Inc. (“Thorogood Shoes”) warrants solely to those consumer purchasers (“purchasers”) who, for their own use or use by another consumer end user, purchase the Thorogood® branded products (“Products”) directly from an authorized seller (“Authorized Seller”) that the Products manufactured by Thorogood Shoes are free from defects in material and workmanship for a period of one-year from the date of purchase.

This warranty covers normal use only of the Products. Thorogood Shoes will not assume responsibility for any failure of the Products incurred by misuse, abuse, neglect or exposure to a substance or an environment that degrades the Products. Normal sole wear of the Products is not considered to be a defect in material and workmanship.

Products considered to be defective must be returned to the Authorized Seller from which the Products were originally purchased or issued with the original purchase receipt or issuer’s invoice record. Our policy is to honor Product warranties only on Products purchased from an Authorized Seller of Thorogood® Products and only when accompanied by the original purchase receipt or proof of purchase. If Products are purchased from an unauthorized seller this limited warranty will not be valid.

Defective Products will be repaired or replaced at the discretion of Thorogood Shoes. Any replacement will be for the same style and size of the returned defective footwear Products.

This is a limited warranty. The obligations set forth in the preceding paragraphs are Thorogood Shoes’ sole obligation and the purchaser’s exclusive remedy. Thorogood Shoes makes no other express warranty. Any implied warranty of merchantability or fitness for a particular purpose that may be applicable to the Products is limited in duration to the duration of this limited warranty. Some States do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

Thorogood Shoes shall not be liable for any direct, indirect, incidental or consequential damages even if it has been advised of possibility of such damages. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This limited warranty shall be governed by, and construed and interpreted in accordance with, the local laws of the State of Wisconsin (without application of its conflict of laws principles), except only to the extent replaced or precluded by other law of mandatory application. This warranty gives you specific legal rights, and you may also have other rights which vary from State to State.

This Thorogood catalog is accurate as of the date of printing. However, in our never ending pursuit of better materials and construction there may be product specification changes made during the year without notice. The Thorogood price list is your official list of stock numbers available.

United States Footwear Code (USA) :
Made in USA footwear is either Berry Compliant (100% Made in the USA with USA components) or Made in the USA with domestic and globally sourced components. Our Built in USA footwear uses all American hides and is assembled at our two union factories in Wisconsin.

This is a limited warranty. The obligations set forth in the preceding paragraphs are Thorogood Shoes’ sole obligation and the purchaser’s exclusive remedy. Thorogood Shoes makes no other express warranty. Any implied warranty of merchantability or fitness for a particular purpose that may be applicable to the Products is limited in duration to the duration of this limited warranty. Some States do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

Defective Products will be repaired or replaced at the discretion of Thorogood Shoes. Any replacement will be for the same style and size of the returned defective footwear Products.
